

# KEN WRIGHT CELLARS KEG PROGRAM

Ken Wright Cellars now offers their Willamette Valley Pinot Noir by the keg!  
*Single Vineyard Pinot Noir is also available upon request.*

## BENEFITS

### *Sustainability*

-100% Reusable stainless-steel kegs eliminates waste and reduces the winery and wine lover's carbon footprint

### *Freshness*

- 1-month lifespan after tapping when using a wine certified kegerator  
-Each glass is as fresh as the first. Kegs eliminate spoilage and oxidation resulting in no wasted wine for by-the-glass programs

### *Profitability*

-Wine on tap eliminates bottle, label and closure costs resulting in a lower cost point!

## STEEL KEG SPECIFICATIONS

Partner Company: Free Flow Wines

Volume: 19.5 Liters = 5.16 gallons = 26 750ml bottles = 130 5oz glasses

Keg Dimensions: 24" tall X 9.25" wide

Weight: 58 lbs full

Recommended Gas: 100% Argon or a blend of 75% N & 25% CO2

## WINE INFORMATION

Ken Wright Cellars Willamette Valley Pinot Noir is a snapshot representation of 8 of our single vineyard Pinot noir sites blended together. These sites are all farmed directly using our advanced and sustainable nutrition-based farming approach. The wine expresses floral and spice notes from our marine sedimentary sites and the fruit focused qualities from our volcanic sites.
